Tips and Tricks:

- **Mudding:** Mix a deluded mud color by mixing paint with water for desired wash. The more paint added, the darker the color. Blot off excess water from brush on a paper towel. Paint downward strokes over first color.
- **Painting Porch Floorboards:** With brush, load 2-3 colors at one time. Paint board shapes onto porch floor over base color. Pull brush strokes toward you. Keep a thin space between each board.
- **Note:** DO NOT USE hot glue on screen door or screen on windows.

Instructions:

1. Paint body of house with Titanium White DA-01.
2. Paint base of house Raw Umber DA-130.
3. Paint windows, door, and wood trim Napa Red DA-165.
4. Paint roof and porch roof with Khaki Tan DA-173. Mud the roof with Raw Umber DA-130. (Refer to Tips & Tricks)
5. Glue wood trim under over hang of roof and to inside top of porch posts. (Refer to photo for placement)
6. Paint boards across the porch floor using mixture of Neutral Grey DA-95 and Titanium White DA-01 & Khaki Tan DA-173.
7. Glue miniatures to house and base of house. (Refer to photo for placement)
8. Glue moss decoratively around miniatures. (Optional)
